RC-15

SOCIAL CHANGE AND DEVELOPMENT
LAUNCHES ITS ON WEBSITE

<http://issrc15socialchange.development.org/>

President's Message

Dear Colleagues,
Greetings! It is a matter of great pleasure and honour for me for having this opportunity to address you once again through this second issue of the **ISS E-Newsletter** in my role as

President of the Indian Sociological Society. It is with a sense of deep satisfaction and fulfillment that I can say that through out my stewardship of the Indian Sociological Society, myself as well as the members of the managing committee have made every possible effort to address to the growing requirements of the ISS in new and innovative directions. Taking cognizance of the fact that our well established journal: the Sociological Bulletin alone cannot fulfill the aspirations of publication of our large membership, which has now grown to more than 3500 life members and more than 1000 student / ordinary members, the initiative to launch the **ISS E-Journal** was undertaken. While its first issue was brought out in 2012, its next issue is due anytime now and we can hopefully look forward to having it by the time of the 39th AISC in Mysore. In the same spirit and taking cognizance of the aspirations of a very large number of Hindi speaking members of the society spread all over the country as well as respecting the feeling and sentiments that any national academic society should bring out its journal in the national language also, as is the practice all over the world, the Managing Committee of the Society unanimously decided to bring out a journal of the Society in Hindi. I do hope that by the time of the 39th AISC, the first issue of the ISS Hindi Journal: **Bhartiya Samajshastra Samiksha** will also be in your hands. I also do hope and wish that both these journals: the ISS E-Journal and Bhartiya Samajshastra Samiksha grow from strength to strength and become well established very soon.

Successful launch of the **ISS E-Newsletter** has been widely appreciated and well taken by the members of the Society. The editor, Dr. Rashmi Jain deserves our appreciation. However, the success both of the ISS E-Newsletter as well as that of the ISS E-Journal will depend to a great extent on the creation and availability of the email IDs of the ISS Members. We had been requesting such members of the Society who have not yet communicated their email IDs to communicate the same to the office of the Society as well as to the editors. I once again take this opportunity to request these members to provide their email IDs at the earliest. I am also looking forward to receiving your comments about the **Hindi version of "Global Dialogue"**, the Newsletter of the International Sociological Association, published 5 times per year in 15 languages by visiting at the link: <http://isa-global-dialogue.net/>

I must also bring it to your notice that the ISS not only signed the MOUs with the national associations of sociology of Brazil, Russia, China, South Africa and Poland but has also been making sustained efforts to establish and fructify functional relationship with them. Like at the time of the 38th AISC at Udaipur, this time also on the occasion of the 39th AISC, Mysore a symposium session focusing on BRICS countries has been scheduled wherein eminent scholars from all the BRICS countries would be participating. Likewise, in order to increase our visibility at the international level and also to have the benefit of interacting with the international community of sociologists, an International Symposium has also been planned wherein eminent scholars from USA, Japan, Poland, China and UAE are participating. It is not only the ISS that wants to establish relationship and open channels of communication and interaction with the international community of sociologists, but they also wish and aspire for the same with us. The very fact that Prof. Koichi Hasegawa, President of the Local Organizing Committee of the ISA World Congress scheduled to take place in Yokohama, Japan during July 13-19, 2014

Editor's Message

Dear Colleagues,
Seasons' Greetings, It gives me immense pleasure in bringing to you the second issue of the ISS E-newsletter. The launch of E-newsletter has been appreciated by all which has motivated

us to strive to make it more meaningful and informative for the members. I take this opportunity of thanking all those members who have provided feedback on the first issue of the newsletter. The success of this newsletter will depend on your participation by way of providing us with news which you all would like to share with sociology fraternity. While posting the first issue of the E- Newsletter, it was observed that some of the email ID's were non-functional or invalid. I request all the members to provide valid email ID's so that we can reach them electronically.

By now all of you must be preparing to go to 39th All India Sociological Conference at Mysore. In this issue we bring to you the programme of the conference as well as the names of the presenter's in various RCs and Adhoc group.

Happy academic deliberations
With regards,
Rashmi Jain

has shown his interest in addressing the Indian sociologists at the 39th AISC speaks volumes about the interest of the International community of sociologists in India and Indian Sociologists. I would like to express my satisfaction that our visibility and participation at the World Congresses of Sociology has increased of late and quit a few Indian colleagues have succeeded in carving out a place for themselves and for the country in the organizational structures of ISA and its Research Committees. I wish and hope our presence will soon be felt more strongly at the international academic forums

However, what is most important for me to keep you abreast is to let you know that the preparations of the 39th AISC at Karnataka State Open University, Mysore are going on well. The Hon'ble VC of KSOU, Prof. M.G. Krishnan, the Organizing Secretary of the Conference, Prof. M.H. Krishnappa and all the faculty members of the Department of Studies and Research in Sociology and their colleagues at KSOU are making every possible effort to make the 39th AISC a grand success. By now more than 900 registrations have already taken place and more are pouring in besides the accompanying persons. Likewise, all the research committee conveners have informed about the large number of abstracts they have received. I need not overemphasize that it is due to the sustained efforts of the RC Conveners that we can look forward to very exciting and highly interactive RC sessions in the beautiful and eco-friendly ambiance of KSOU and the city of great heritage and culture, Mysore.

Last but not least, I invite and urge you all to participate at the ongoing elections of the ISS and cast your vote before the dead line of December 20, 2013.

I am and will always remain thankful and beholden to the members of the Indian Sociological Society for providing me the opportunity to serve the cause of the Society and for their sustained support and affection to me. You have always stood by me and you will as well always find me beside you. My special thanks to the members of the Managing Committee of the ISS for their continued and all round support.

I am keenly looking forward to welcoming and interacting with you at the 39th AISC in Mysore.

With regards and best wishes,
Ishwar Modi
